Canning Fruits

Why do we can foods? To save money, for ease of preparing a meal later and if you do not count the labor involved, you may save half the cost of commercially canned food. Some sensitive vitamins are reduced when they go through the canning process. From 1/3 to 1/2 of vitamins A and C, thiamin and riboflavin may be lost. Canned food should be used within one year for the best nutrition and flavor. Of the other vitamins, though, you may get more nutrition from your canned product than from the fresh produce sold in the supermarket because of the delay between harvest and use by the consumer.

For the best home canned product some things must be observed: Fruits are highly perishable and prolonged storage rapidly diminishes the nutrient content. Micro-organisms quickly attack fruits, enzymes speed and progress from maturity ideal for eating to becoming overripe. Oxidation promotes chemical reactions that diminish flavor, nutrition and appearance. Moisture loss results in wrinkles, limp fruit no one wants to eat. Speed your fruits from picking to preserving, the preserved product can only be as good as the product you used.

Proper canning practices include:
- Handle fruits gently, wash and only peel if necessary.
- Use only approved canning jars and two-piece tops, do not reuse lids.

- Sugar needs to be added.
- Follow proper canning procedures to the letter.
- NEVER eat or even taste canned foods if the jar is not sealed, if the liquid is cloudy, has an off-odor, or generally does not look as it should.

- The most recent processing times and temperatures assure destruction of the largest expected number of heat resistant micro-organisms. Jars should be stored at 50-70°F.

The main difference between canning fruits and vegetables is the acid content of each. A pressure canner must be used for all low acid foods such as most vegetables, meats, seafood, milk and some tomatoes. Some newer types of tomatoes have a low acid content and must be sterilized in the pressure canner. High acid tomatoes can be water bathed. The acid may be increased by adding lemon juice or ascorbic acid.

Space does not allow us to print all time tables. The Extension Service can provide handouts and information, please call (301) 334-1900 or write 202 S. Third Street, Oakland, MD 21550. We can also provide a program and demonstration on proper canning procedures. Since most fruits are acid, they can be sterilized in the water bath canner. Open kettle canning and processing of freshly filled jars in the oven, microwave oven or dishwasher are NOT recommended. Do not use steam canners or canning powders, there is no substitute for proper heat processing. If you are a novice at canning, please consult reliable resources for information. Check with our Extension Office and use recent literature of an unbiased source. Keep everything scrupulously clean and follow processing times and procedures carefully, shortcuts could spoil your food or worse, make you ill and cause the death of a family member.

If this sounds scary, it is not to say that only a few exceptional individuals know how to can. Anyone can learn how to preserve the abundant harvest we are growing and seeing this year. Please call Irmgard R. Koscielnak, Extension agent, Home Economics, if a group of 10 or more would like to learn the art of food preservation.

STURDI-BUILT

SIDING, THE BITTER CONFRONTATION

In an effort to improve his golf game and to spend more time on the course itself, Chip elected the exterior siding to be that of vinyl. Kelly on the other hand wanted cedar. This is just one of the few battles Chip won, for he doesn't know it yet, Kelly didn't order his choice of color for the counter tops. Vinyl or not both owners are very happy with the exterior finish on their new home.

Escorted to the altar by her father, the bride wore an Elissa designer gown of white Italian satin featuring a fitted princess bodice that was covered with lavishly sequined and beaded Milano lace, a plunging neckline,

and an Elizabethan notched bridal collar. The leg-o-mutton sleeves, which ended in bridal points at the wrist, were highlighted with delicate bows. The basque waist held the ball gown skirt that was embellished with a godet of lace appliques, and swept to a semi-cathedral train. The train, which was topped with a large butterfly bow, was enhanced with Milano lace applique motifs and scattered petite bows, and a lace hem encompassed the entire skirt. The bride chose a V-shaped headband of pearls and sequins, accented by a dropped crystal stone and a large double pouf of crystalline bridal illusion.

The bride carried a rose and pearl bouquet made by Mary Lou Stemple of Grandmother's House and carried in the bouquet an heirloom lace handkerchief given to her by Helen Wagner. All other floral bouquets and boutonnières were designed and made by Sherri and Alice Wilt.

Both life-long friends of the bride, Deanna Bishop served as matron of honor and Sherri Wilt as made of honor. Liz Sisler-Wagner and sisters of the groom, Brenda Stein and Barb Stanton, served as bridesmaids. Nieces of the groom, Michelle and Heather Stein, served as junior bridesmaid and flower girl, Caressa Frazee carried the bride's cathedral train.

The attendants carried white lace fans designed with royal blue and white roses. Color coordinated sprays, pearls, and lace streamers complimented the floral design. The attendants wore identical royal blue satin tea-length gowns with puffed bow sleeves and dropped bow straps complementing the backs. The flower girl wore a white satin gown complementing the bride's attire and the train carrier wore a blue satin and white lace dress with matching lace gloves. Jewelry worn by the attendants was given as a gift

from the bride and groom.

The mother of the bride was attired in a two-piece plush cotton royal blue jacquard dress with a tailored short sleeve jacket fashioned in a jewel neckline. The mother of the groom wore a royal blue taffeta and lace dress with a rounded satin neckline.

Serving as best man was Rick Miller, brother of the groom. Brother of the bride, Jeff Helbig, and friends of the groom, Roy Stein, Bill Klotz, and Tom Grimm, served as groomsmen. Both nephews of the groom, Michael and Jason Stanton, served as Bible bearer and ring bearer.

The groom was attired in an After Six designer series white tuxedo with tails. The father of the bride and groomsmen were attired in similar After Six black shawl tuxedos with matching royal blue ties and cummerbunds.

The couple was escorted from the ceremony by white stretch limousine to the buffet reception held at Granville Holiday Inn. The three-tier Victorian wedding cake was decorated with Cornelli lace, draped garlands and bows, with a blue flowing fountain. The cake was connected with fringed stairways to two heart shaped tier side cakes. The cake was baked by Alice Wilt. The cutting and serving of the cake was done by Alice Wilt and Isabella Elliott. Punch was served by Lynn Grimm, friend of the bride. A champagne toast to the couple was given by Rick Miller. Music for the reception was provided by DJ Ken Nolan, friend of the couple.

All close friends of the bride, Lori Paugh served as gift and program attendant, Linda Kohut served as guestbook attendant, and Carol and Caressa Frazee distributed birdseed packets. All attendants were attired

in the royal blue color scheme. Photographs were taken by Judy Wilt of Photographic Reflections, and the ceremony was videotaped by Art Hanlin.

A rehearsal dinner was given by the family at the home of the bride's parents. A bridal shower was hosted in April by the honor attendants. Following a honeymoon trip to the Poconos and a return housewarming and gift opening, the couple established residence in Grantsville.

The bride is the daughter of Butch and Carolyn Helbig, Oakland. She is a graduate of Southern High School and Garrett Community College and is presently a junior at Frostburg State University, majoring in business. She is employed as administrative secretary for the Garrett County Roads Department, Oakland.

The groom is the son of Leo and Owena Miller, both of Grantsville. He is a graduate of Northern High School and is employed as an equipment operator for the Garrett County Roads Department, Grantsville.

STEPHENS ADDRESSES ROTARY — Bob Stephens, executive director of the Garrett County Office for Children Youth and Families, Inc. (OCYF), spoke at a recent meeting of the Oakland Rotary Club. Stephens spoke about the mission of his office and the Services Reform Initiative. The mission of his office is to promote a stable, safe, healthy environment for children and families, thereby, increasing self-sufficiency and promoting family preservation. The agency accomplishes this through regular board meetings where county wide issues relating to children are discussed, he said. The Services Reform Initiative is attempting to better utilize resources for children and families by placing more emphasis on prevention and early intervention rather than high cost residential care for children. In Garrett County, Stephens said OCYF is working with community families who are at risk of having their children removed and placed in state supported residential settings. OCYF family care coordinators work in the families' homes emphasizing relationship building and skill acquisition to better prepare families to handle crises in the future. Stephens indicated that not only is this a more family centered approach to dealing with families who are in crisis, but that it is also much more cost efficient. An additional benefit to the county is that money saved by preventing placements will be redirected to the county. He emphasized that, in his participation in state and regional program meetings, it is "obvious that nowhere is the spirit of cooperation among human service agencies as great as it is in Garrett County."

Plans Finalized For "Symphony Under The Stars"

The "Symphony Under the Stars" is set for September 12, at 6:30 p.m. at the Cumberland Country Club, marking the second year that the Allegany County Chapter of the American Red Cross has presented this outdoor concert of light classical and popular music performed by a 52-piece symphony orchestra.

The musicians are professionals from Maryland, Pennsylvania and West Virginia, with most of the string players being symphony musicians from Pittsburgh.

This year, two special guest performers, one from Garrett County, will join the orchestra which is under the direction of Dr. Jon Bauman.

Kathryn Sincell, lyric soprano, is a native of Mtn. Lake Park and has been the featured soloist at various musical events around the world, including the Seoul Festival in Korea, the Monomy Festival in Cape Cod, and the Arcady Festival in Maine, and with the Summer Conservatory of Southern Methodist University.

Dr. Bauman, composer and conductor, is also a member of the main faculty at Frostburg State University. His degrees are from the University of Colorado and the University of Illinois. He also studied in Cologne, Germany.

The concert, held outdoors by the Country Club pool, was a sell-out last year. Tickets for the Symphony alone, or with a pre-concert dinner, are available by calling the Red Cross at 722-1780 or the Cumberland Country Club at 722-8080. All proceeds from this concert benefit the local chapter of the American Red Cross.

NEW LION INDUCTED — Janice Welch was recently inducted into the Friendsville Lions Club by Past District Governor Bill Baker. Ms. Welch was sponsored by Barry Frazee. She is pictured above with Frazee at left and Baker at right.

Additional classes presented were on food sanitation and safety.

Ms. Koscielniak provided Extension Service printed materials as part of the program.

The Wig Boutique

The Wig Boutique, located at 1212 Van Voorhis Road in Morgantown, was the idea of Jean Hall, also of Morgantown. It has been a lifelong dream of hers to be able to offer such a service as this in the area. Hall has worked at local hospitals, such as Mon General, with cancer patients, and has been employed for the past eight years with A. Ghosal, M.D.

The Wig Boutique offers trained, professional service. "Michelle Danser, trained manager, is on site to assist clients in person or by telephone, and to help with any questions they may have," says Hall. "We specialize in comfort, convenience, and elegance of today's styles; in the most styles, colors and

sizes for everyone, at competitive and affordable prices. We accept VISA, MasterCard and personal checks, and also have an easy lay-away policy," she adds.

Hours at the Wig Boutique are Monday through Saturday from 10 a.m. to 6 p.m. and Friday from 10 a.m. until 9 p.m. Before and after hours appointments are also offered for chemo therapy and oncology friends. The boutique offers private booths for privacy and comfort.

The Wig Boutique carries styles from companies such as Revlon, Adolfo, Renee of Paris, Sunee Kim and Eva Gabor -- beautiful styles for the very young to the sophisticated senior citizen. They also offer discounts for

chemo therapy and oncology friends and senior citizens. The owner states that for in-home or hospitalized friends who are unable to come to the boutique, staff will visit them by appointment.

Also available are clip-go pony tails and hairpieces for those who wish to look their best in only minutes. To reach the Wig Bou-

DEPUTY SPEAKS TO GROUP — Deputy Patrick Kelly, a detective for the Garrett County Sheriff's Office, was the guest speaker at a recent meeting held by the Garrett County Council on Alcohol and Drug Abuse. He has had a great deal of experience, in the drug field, as an officer in the Prince Georges County area and is now applying that experience to some of the drug abuse problems in this county. The different types of drugs used in this area were mentioned, but his talk centered mostly on DWI (driving while intoxicated) and DUI (driving under the influence) and the difference between the two charges. He elaborated on precautions and steps an officer must take to make those arrests and explained the various tests necessary to establish evidence that will stand up in a court of law. The Council will attempt to feature more guest speakers, throughout the year, to educate the public in the areas of alcohol and other drug abuse in the hope of reaching a unified solution. All citizens are invited to attend any meeting and encouraged to participate in any event sponsored by the Council.

NOTICE TO PUBLIC OF FINDINGS OF NO SIGNIFICANT IMPACT AND NOTICE OF INTENT TO REQUEST RELEASE OF FUNDS GARRETT COUNTY

The purpose of this Notice is to identify two separate but related actions to be taken by the Board of Garrett County Commissioners. On or about September 13, 1993 the above named Board of Commissioners will request that the Maryland Department of Housing and Community Development release funds under the Small Cities Community Development Block Grant Program to be used for the following project:

Northern Garrett Industrial Park Infrastructure. This project involves the installation of the infrastructure (i.e. sewer, roads, electric, etc.) in the Northern Industrial Park located adjacent to I-68 outside of Grantsville, MD.

FINDING OF NO SIGNIFICANT IMPACT
Notice is hereby given that the above named County has prepared an Environmental Review Record on the project described in this Notice and has determined that said project will have no significant effect on the quality of the human environment. No further environmental review of said project is proposed prior to requesting Release of Funds.

The Finding of No Significant Impact is based on the following: The construction involved with the installation of the various components of the infrastructure will be short term. All necessary permits will be obtained prior to commencement of construction. Any environmental impact will be temporary in nature.

The Environmental Review Record which documents the Environmental Review of this project is available for public examination at the Garrett County Planning Office, Oakland, during normal business hours.

PUBLIC COMMENTS ON FINDING
All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments respecting the environmental impacts of the described project to the Garrett County Planning Office and to the Department of Housing and Community Development. All such comments must be received no later than September 10, 1993. All comments will be considered and the County will not request the release of funds nor take any action on the project prior to this date.

REQUEST FOR RELEASE OF FUNDS
The County will undertake the project described above with Small Cities Community Development Block Grant Funds. This Notice also certifies that Elwood L. Groves, II, serving in the official capacity of Chairman of County Commissioners consents to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews decision-making, and action, and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the County may use the Small Cities Community Development Block Grant Funds and the Maryland Department of Housing and Community Development will have satisfied its responsibilities under the National Environmental Policy Act of 1969.

Objections to the release of funds will be accepted by the Department of Housing and Community Development only if it is on one of the following bases: (a) that the certification was not in fact executed by the Certifying Officer, or (b) that the County Environmental Review Record for the project indicated omission of a required decision finding or step applicable to the program in the Environmental Review Process. (c) No opportunity was given to the Advisory Council on Historic Preservation or its Executive Director to review the effect of the project on a property listed on the National Register of Historic Places, or found to be eligible for such listing by the Secretary of the Interior, in accordance with 36 CFR Part 800, (d) Objections by a Federal Agency. All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments to the County and to the SCCDBG Program Coordinator, Department of Housing and Community Development, 100 Community Place, Crownsville, Maryland 21032. \$34.7 Million Available For Md. Homebuyers

Governor William Donald Schaefer announced recently that a special one-time pool of \$34.7 million in low-interest mortgage loans is available to limited income homebuyers through the Community Development Administration (CDA), an agency of the Maryland Department of Housing and Community Development (DHCD).

The funds will be available effective August 16 at 6.75 percent, one of the

lowest in the history of state's mortgage lending programs. The loans have a 30-year term.

In order to stimulate home buying in Maryland, special conditions are provided for these funds. CDA is increasing the limits on home purchase prices and family incomes. The maximum purchase price for a new or existing home in urban and suburban areas is \$127,500 and for rural areas the maximum purchase price is \$95,000.

The income limit, regardless of family size, is \$50,300. A portion of this

funding will be available to help previous homeowners, who in the past were not eligible for the program.

"This is a fabulous opportunity for anyone who has been holding off on buying a home," Schaefer said. "These are special terms and conditions which the state may never be able to offer again."

Properties that are eligible for this program include detached and semi-detached houses, townhouses and condominiums.

State officials expect these funds will provide funding for approximately 347 homebuyers.

To apply for the program, interested persons must first have a signed sales contract on a qualifying home before contacting a participating lending institution. Borrowers should make their sales contracts contingent upon receiving financing through CDA.

For more information or a list of participating lenders, persons may call the Maryland Mortgage Program at (410) 514-7514 from the Baltimore metropolitan area, or dial toll-free 1-800-638-7781.

Homes with purchase prices up to \$95,000 are

eligible in Garrett County.
